Definitions

Unless the Context requires otherwise:

Registrars are departments or agencies of the State Government / Union Territory, Public Sector Undertakings, other agencies and organizations, who, in normal course of implementation of some of their programs or activities interact with the Residents and are authorized by the UIDAI to enroll residents into the UID System. Examples of such Registrars are Rural Development Department (for NREGS) or Civil Supplies and Consumer Affairs Department (for TPDS) and Banks.

Enrolling Agencies are entities hired by the Registrars to perform enrollment functions on behalf of the Registrar (s).

UID Projects and the scope of the MoU:

1. The UIDAI has the mandate from the Government of India to issue unique identification numbers (UID numbers) to residents of India based on demographic and biometric data of the individual. UIDAI will become partner with Government and other agencies leveraging their existing infrastructure in order to implement the UID project. These Agencies will be called the Registrars of UIDAI.
2. UIDAI will set standards and process for enrollment to be uniformly followed by all Registrars and Enrolling Agencies. The UIDAI will issue UID number after checking that the resident applying for UID does not already have a record and a UID number in the UID database (de-duplication). In addition, the UIDAI will provide online, real-time Authentication service.
3. The MoU between the UIDAI and the IDBI Bank Ltd. sets out below, the general and broad-based intentions of both parties for collaboration and as an umbrella understanding for facilitation of subsequent agreements and documents relevant to the implementation of the UID project by IDBI Bank Ltd..
4. The UID project will be implemented in a phased manner; UIDAI will be conducting proof of concept, studies and pilots to test the working of the technology and process of enrolment, subsequent to the Pilots the full roll out of the UID project will take place. The IDBI Bank Ltd. will cooperate and actively participate in each of the phases, as required by UIDAI.

5. In the interest of clarity and to reduce ambiguity, the UIDAI shall execute additional agreements and documents to capture details about implementation of UID project with IDBI Bank Ltd., as & when required.

6. UIDAI shall:
 - a. Develop and prescribe standards for recording data fields, data verification and biometric fields.
 - b. Prescribe a process for enrolment of residents, this will include among other things the process for collection of biometric data.
 - c. Provide / prescribe the software that will be used for the enrolment of people into the UID database in order to issue the UID numbers.
 - d. De-duplicate the database of the residents on the basis of the Demographic and Biometric data and issue UID numbers to only those whose uniqueness of identity has been established and after ensuring that the person has not enrolled in the UID database before.
 - e. Issue a letter communicating the UID number directly to the person who has been allotted UID number after de-duplication. UIDAI will also communicate the UID number electronically with the Registrar in UIDAI prescribed format.
 - f. Authenticate the identity of a person with a UID number as per protocols prescribed by the UIDAI.
 - g. Prescribe protocols for a record keeping and maintenance of the information collected for the issuance of a UID number.
 - h. Prescribe protocols for transmission of the data collected for de-duplication.
 - i. Prescribe protocols to ensure confidentiality, privacy and security of data.
 - j. Prescribe limits for fees that could be charged for issuing a UID number.
 - k. Prescribe protocols for spreading and communicating the message, content and intent of the UID project. Since the UIDAI logo and brand name are properties of UIDAI, UIDAI will prescribe the manner and the limits of use of UIDAI logo brand name, brand design, and other communication and awareness materials.
 - l. Prescribe other protocols, processes and standards that the UIDAI may deem necessary for the implementation of the UID project.
