

Unique Identification Authority of India (UIDAI)

Press Statement

3rd August 2018

New Delhi: Unique Identification Authority of India (UIDAI) today in the wake of some media reports on default inclusion of the UIDAI's outdated and invalid Toll free number 1800-300-1947 in contact list of Android phones said that UIDAI has not asked or communicated to any manufacturer or service provider for providing any such facility whatsoever.

UIDAI emphasised that the said 18003001947 is not a valid UIDAI Toll free number and some vested interest are trying to create unwarranted confusion in the public. UIDAI's valid Toll free number is 1947 which is functional for more than the last two years. UIDAI has reiterated that it has not asked or advised anyone including any telecom service providers or mobile manufacturers or Android to include 18003001947 or 1947 in the default list of public service numbers.
