processing of the balance 5.50 crore resident data packets is underway and is expected to be completed by M

(e): The Registrar General of India (RGI) is creating of National Population Register (NPR) of person usuall
India under the Citizenship (Registration of Citizens and Issue of National Identity Cards) Rules, 2003 read
Citizenship Act, 1955. UIDAI is issuing Unique Identification Numbers (called Aadhaar numbers) to all resi
the multiple registrar model. RGI is one of its Registrars. At the time of setting up of UIDAI, the Authority v
mandated with the task of collation of NPR with UID. An Inter Ministerial Coordination Committee (IMCC)
constituted by the Office of the Registrar General of India, Ministry of Home Affairs on 13th May, 2010 to
matters arising from the interface between the NPR and UID. The Said Committee has been re-constituted or
2012.
The Government has decided that in States where UIDAI has made good progress or where State/UT Goverr
/Administrations have given commitment for Aadhaar enrolments and are planning to integrate with various
delivery applications, Aadhaar enrolments through non-RGI Registrars move at full speed. Accordingly, cert
been specified (Annexure – 1) where UIDAI can collect data. It has also been decided that the NPR enrolmen

continue as envisaged, but, if in the course of enrolment, a person indicates that he/she is already enrolled fo
biometric data will not be captured by NPR. Instead the Aadhaar number/enrolment number will be recorded
biometric data will be given to the NPR.
