Test Structure of Operator Child Enrolment Lite Client(CELC)

UIDAI has added a new role of Operator Child Enrolment Lite Client for working on Child Enrolment Lite Client(CELC). Candidates certified in Child Enrolment Lite Client will be able to work only on CELC application software. They will not be able to do any other type of enrolment. i.e. on ECMP as Operator/Supervisor. However candidates certified as Operator/Supervisor will be able to work both on ECMP and CELC. The minimum qualification for Operator CELC is 12th pass . In case of Aaganwadi/ Asha workers, the minimum qualification for Operator CELC is 10th pass. For detailed information visit http://uidai.gov.in/testing-certification.html./

The following is the test structure for of Operator Child Enrolment Lite Client.

Module	No. of Questions	Maximum Marks	Pass Marks
Basic Knowledge of UIDAI and Aadhaar	15	44	40 % and above (aggregate)
Child Enrolment Lite Client (CELC)	35	100	
Total	50	144	57 and above
